This is a good uptempo song by Travis Collins that is easy to dance to.!

*The story of the song is one that most of us would have experienced in our lives.
It's hard to finish a relationship until your heart catches up with your mind
And I guess it is really easy to keep coming back across THAT' bridge until
the time finally comes when you can burn it forever.
If you have never experienced this situation then you are lucky!*

See you on the floor sometime... Jan
